UP FRONT

HOLD ON! Bob Swezey / PGA General Manager

If you've ever been seated up front on a roller coaster you know the anxious feelings one gets of anticipation right before the first plunge. That's kind of what we feel as the staff gears up for spring and summer. We are working ourselves up the incline with a variety of projects in process and more at the next turn.

Thanks to all for allowing us a few days to get "cleaned up" in early February. We cleaned many items you can see along with many areas you will probably never view. There will be more of this during the spring as we prime the Cabana and other areas for what we think will be an awesome summer of activities.

Thank you so much to those that took the time to respond to the Member Survey. The results will set some baselines and create thoughts of action for the future that we will communicate over time. Look inside for a couple of example graphs. More will follow as we dig deeper into the stats.

There are many events this month. Whether it's golf or other functions, look at the calendar and start saving some dates. Details will follow for some.

Please take a peek at our efforts to host a Surf N Turf day in April. This project was suggested by more than a few members indicating they would be willing to assist if we put the program in motion.

Thanks to all for your continued support! We hope to see you soon and often this year.

HEADS UP! GET YOUR CARDS IN THE SHOP.

MEMBER PLAY & GUEST ROUNDS

On Tuesday, February 21, we instituted a new procedure and policy in the Golf Shop. This will initiate the system process that actively documents, tracks and quantifies your complimentary or reduced golf fee rounds. This of course will require all to register in the shop before they play (everyone all the time please). We will be issuing two cards to each membership that will be needed to check in for the rounds noted. **This system will allow you and us to accurately account and audit your complimentary or discounted member and guest rounds (thousands each year).**

SIGNS OF TIMES

RETAIL MODIFICATIONS

Over the past few months we have done a thorough dive into the metrics of our retail operations in food & beverage and the Golf Shop. Inevitably due a variety of factors; our metrics were not consistent to comparable private facilities. This has required some modest price adjustment in our retail operations. On the retail side in the Golf Shop, we modified some preferred pricing on goods that absorbed deep cuts and losses for many items. The pricing we offer still beats or at minimum equal those you find elsewhere for the same goods.

These modifications are the prudence of our realities.

MARCH SHOP HOURS 8:30 - 5:00

The shop will be closed on Mondays along with the golf course. The offices upstairs at the main clubhouse are periodically open on Mondays for your visits as needed.

STARTING TIMES MARCH

Starting times for March will remain at 9:00 until 5:00 Tuesday - Sunday

April start times will change to 8:00. Details on #1 and #10 starts for May TBD.

DAYLIGHT SAVINGS SPRING FORWARD MARCH 12 / 2:00A

Yahoo!! Longer days and more time to spend outside!
Don't miss your plans on this Sunday morning!

CABANA

We are in the midst of planning the entire schedule for food & beverage, special events and a variety of other thoughts.

In the April newsletter we will announce the full summer schedule starting in May through October.

POOLS

Pools and their complexes are already starting to get some attention. Pools will be emptied, acid washed and patched with some painting before we open them up in May.

TIME CHANGE TO DO'S

Time changes offer some great reminders for annual checkups. 1. Change batteries in smoke detectors, 2. Flip your mattresses, 3. Wash pillows, 4. Restock medicine supplies, 5. Clean ovens, 6. Check First Aid / Emergency needs, 7. Clean out dryer vent, 8. Gutter cleaning

SATURDAY LIVE

MARCH 25 NIGHT

Jazz It Up
Main Clubhouse
5:30 - 8:30

This Greenville, SC based, smooth jazz saxophonist has an impeccable degree.

With a music degree from Lander University where he studied under Columbia jazz mainstay Robert A. Gardiner, whom he'll still sit in with on occasion when passing through Columbia.

For his music performance degree, Galloway said Gardiner would have him transcribe solos from the likes of Miles Davis and other jazz greats. However, Steven enjoys listening to a variety of music, from Grover Washington Jr., to Stevie Wonder and even Drake. Among his musical influences are, Charlie Parker, Hank Mobley, Thelonious Monk, Roberta Flack, Jim Snidero and Jerry Bergonzi.

In addition to being a gifted saxophonist, Steven is also a jazz and classically trained pianist, so his supple licks are intricately constructed as he drops in familiar covers of everyone from Michael Jackson to Patti LaBelle at his sold out shows.

The soft-spoken Galloway considers himself to be an introvert, but he enjoys performing and exudes an amazing energy and a soul clenching performance that is unmatched.

We strongly urge you consider RSVP as quickly as possible. Reservations are based on 10 minute increments with seat limitations placed on each time scheduled from 5:30 - 8:30.

Dinner is not a requirement to attend.

NOW YOU KNOW

Here are some tidbits about Grand Harbor.

Thanks to Mr. Gene O'Keefe.

- The Abney family sold 400 acres to the original developers for \$3.4M in May 1999.
- Naming the community Abney Plantation was an early consideration
- 280,000 bricks were used for the clubhouse, landscaping and tunnels along with the heart pine flooring in the original clubhouse. All came from the very old and abandoned Riegel Mill located in Ware Shoals.

TENNIS ANYONE?

MONDAY, APRIL 3 / 2PM - 5PM

Sign up is available immediately with golf staff.

At the suggestion of more than a few members; we would like to buy a minimum of (150) one hundred and fifty (7) gallon Encore azaleas for the course and near the clubhouse. These plants will cost \$ 20 each. This project will require Member assistance for funding and some assistance to install on April 3 as the consideration for this year was not budgeted. Please note we will not be purchasing specimens at this cost for private orders.

For every two plants purchased by any member; we will offer them a Fish Fry Dinner and raffle prizes that evening at 5:00. Dinner will include a few beverages (draft, house wine or liquor) and a few give aways as our thanks. Donations can be charged on Member accounts. Assistance to install is not required but would be helpful. Locations of plants will be determined in advance by management.

We will have a sign up sheet located in the Golf Shop until March 26. The sheet will request your considerations to offer a specific number of plants and whether you would like to assist in their installation at various sites. To dispel a myth - there is no agreement with Love Golf Course Design that prohibits us from adding azaleas or any other plantings we desire.

SURF N TURF Monday, April 3 Sign Up in Golf Shop

With winter months here, we do not perform a great deal of cutting grass. The greens on the golf course need a little shave once in a while, but fairways, tees and roughs are pretty much left alone. That will change very soon.

As many notice, we have been performing a good deal of tree work on the course. Tons of debris, limbs and branches are being trimmed and burned. Cart path repairs have started and will continue through late Spring. Approximately 650 linear feet will be replaced this year. Year over year we will be repairing cart paths and eliminating trees that create the damages to the paths or block sunlight to essential turf areas like greens and tees.

You'll see some shiny John Deere equipment rolling around soon. We have a very large equipment package ordered this year and it will arrive now and then through June. This new fleet will enable us to perform a variety of new projects after the summer season. A few new greens mowers will help us go to selective double tee start days most probably in May. This will open some earlier start times to beat the summer heat.

There is also a good amount of used equipment we will retain. Many of those pieces are being torn apart this winter for pressure line checks, clamps, bearings and lubes to get ready for action when the grass starts to grow. We have some other projects this winter. You may not see some immediately, but they will show over time when various amenities get busier this spring.

Some have asked about the poa-annua popping up. These areas have already been sprayed once. They will be getting another dose very soon that takes a few weeks to show progress. We hate it as much as you do!

Lastly, thanks go to "Bear" our equipment manager for building a new golf shoe brush cleaner. Our guys find stuff to do on rainy days! It was built with old scrap metal and parts. We did have to buy the bolts.
