It's been a very cool Spring. So, Happy Summer! We are ready for what we believe will the busiest summer ever at Grand Harbor. There are a multitude of club events, POA events, functions and opportunities for all to enjoy.

This newsletter has been shortened. It covers the summer months of June through August. Other announcements and information on the scheduled events will be sent out via emails. These emails will be sent on Mondays (THIS WEEK) and Thursdays (WEEKEND UPDATE).

Future newsletters will cover September - November, December through February and March through May. On occasion, we will send a FLASH ALERT for urgent communications such as pool closures.

The biggest alert for this summer for the golf course is the aeration of the golf course. This will be the most aggressive project of this nature here in many years. This is a necessary evil to produce better long term soil conditions and turf root growth. It should be a good week at the Cabana!

There will be many visiting this summer. Please ensure all guests are aware of the
